HIGHER COMFORT

BETTER ORAL HYGIENE
ENHANCED STABILITY

Multifunctional and Baby R.P.E. orthodontic screws

Expansion screw range conceived with the clinical assistance of Prof. Nicola Veltri

Orthodontics and Implantology

SIMPLICITY OF CONSTRUCTION AND APPLICATION

The orthodontic treatment requires more and more practical solutions to therapeutic problems. The orthodontist can make use of this screw range, designed with the assistance of the long-lasting clinical experience of Prof. Nicola Veltri, to have any biomechanical movements be induced like **DISTALIZATION**, **MESIALIZATION**, **EXPANSION** and **MONO OR BILATERAL ROTATIONS**.
